

12th International Exhibition & Conferences for Internal Security

+++ Final Report +++

- **Again over 500 exhibitors from 32 countries and more than 7,000 participants from 55 countries**
- **Europe's biggest closed info-platform for internal security exclusively accessible for authorities**
- **Patronage: The Federal Minister of the Interior and Community Nancy Faeser**

GPEC® is simply an obligation! This was proven again with impressive numbers by the now 12th GPEC General Police Equipment Exhibition & Conference®: The trade fair for all subject and equipment areas of internal security formed with 503 exhibitors from 32 countries (329 from Germany and 174 from abroad) again the suitable unique framework for a qualified Federal and state-wide, inter-ministerial and international exchange of expertise and also finally promoted the development of the contact network between the authorities with the developers and providers of relevant products and solutions, which ultimately united 7,091 participants from 55 countries at GPEC® 2022.

Market leading providers and competitors presented once again their innovative products and numerous novelties in this comprehensive overview of command, control and operational equipment and solutions. Many police and security authorities contributed as exhibitor and much more as speakers in the specialized conferences to the success of this GPEC®. Overall, this year's event was able to noticeably increase the high level of satisfaction among exhibitors and visitors after the Corona break.

A cutting-edge conference program for all internal security subjects and official working group meetings up to the presidential level - a unique selling point of GPEC® - once again made GPEC® 2022 an indispensable branch forum. In addition, various training courses, including a completely new system for operational and shooting training in virtual and extended reality, as well as practical demonstrations on the outdoor drone flight zone or with a police speedboat on the river Main, contributed to training and further education and market inspection.

Since the year 2000 GPEC® has developed into Europe's biggest closed specialized event for internal security with specialized exhibition and conferences – for many years under the patronage of the German Federal Minister of the Interior. As unique One-Stop-Shop for products and solutions for internal security GPEC® supports the conservation of resources of authorities and maintains regular exchange about their requirements. As closed specialized trade fair for members of authorities of internal security GPEC® regularly provides the confidential frame for the exchange with decision maker, executives, procurement officers, technicians, trainers and end users from the Federal and Länder governments from Germany and the world. Platform "Made in Germany".

The decoupling GPEC® digital focusing on all digitalization topics of internal security that was first organized in 2019 was and remains part of this all-encompassing GPEC® every two years. We organize the independent event GPEC® digital in the intermediate years, the odd calendar years and so also in 2023, 26 + 27 April, at Messe Frankfurt, www.gpecdigital.com.

- **GPEC® 2024 for all subject areas and fields of equipment: 6 – 8 May 2024 in Leipzig, Germany**
